

## Collecting data: favorite fruit

### Data and Graphing Worksheet

Ask your classmates to vote on their favorite fruit.  
Record the data you collect and make a bar graph.

| Fruit                                                                                      | Tally marks | Total votes |
|--------------------------------------------------------------------------------------------|-------------|-------------|
|  banana   |             |             |
|  cherry   |             |             |
|  apple    |             |             |
|  grapes |             |             |
