

# Maps with coordinate grids

## Grade 4 Geometry Worksheet

Study the coordinate grid and answer the questions.

| MAP LEGEND                                                                          |                |
|-------------------------------------------------------------------------------------|----------------|
|    | House          |
|    | Police Station |
|    | Train Station  |
|    | School         |
|    | Market         |
|    | Zoo            |
|   | Park           |
|  | Hospital       |
|  | Library        |

### QUESTIONS:

- Which coordinate point is the market located at? \_\_\_\_\_
- What place can be found at the coordinate point (3,2)? \_\_\_\_\_
- What place can be found at the coordinate point (5,4) \_\_\_\_\_
- Which coordinate point is the train station located at? \_\_\_\_\_
- What place can be found at the coordinate point (0,3)? \_\_\_\_\_
- Which coordinate point is the zoo located at? \_\_\_\_\_
- Which coordinate point is the park located at? \_\_\_\_\_
- Which coordinate point is the library located at? \_\_\_\_\_
- What place can be found at the coordinate point (-4,-4)? \_\_\_\_\_
- What place is on y-axis? \_\_\_\_\_

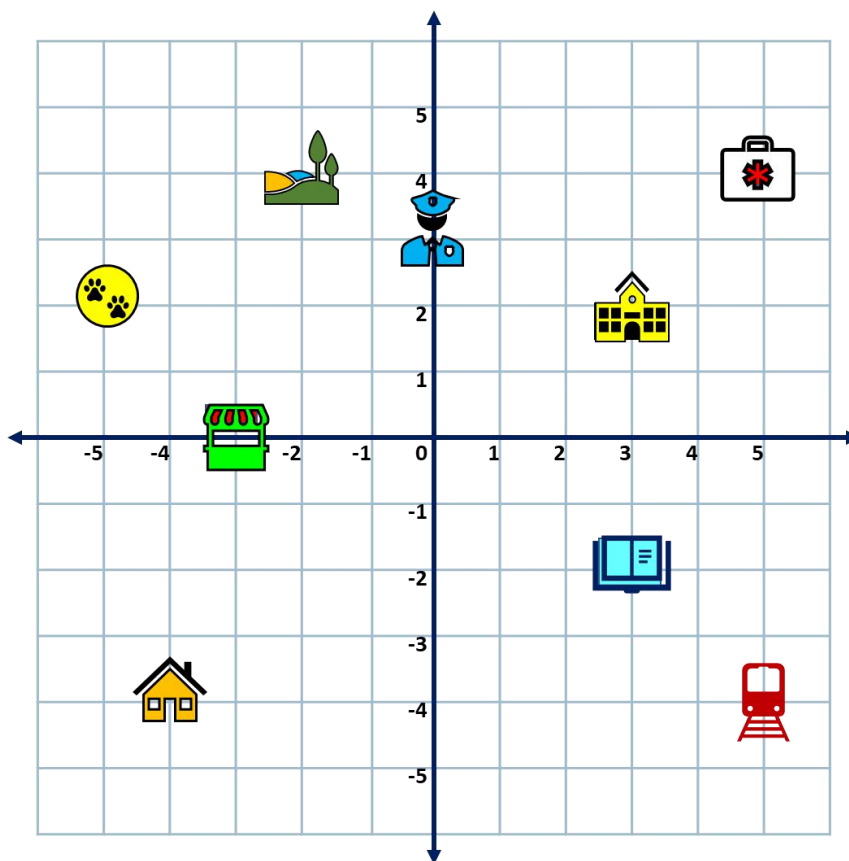

# Maps with coordinate grids

## Grade 4 Geometry Worksheet

Study the coordinate grid and answer the questions. .

| MAP LEGEND                                                                          |                |
|-------------------------------------------------------------------------------------|----------------|
|    | House          |
|    | Police Station |
|    | Train Station  |
|    | School         |
|    | Market         |
|    | Zoo            |
|   | Park           |
|  | Hospital       |
|  | Library        |

### QUESTIONS:

- Which coordinate point is the market located at? (-3,0)
- What place can be found at the coordinate point (3,2)? School
- What place can be found at the coordinate point (5,4) Hospital
- Which coordinate point is the train station located at? (5,-4)
- What place can be found at the coordinate point (0,3)? Police Station
- Which coordinate point is the zoo located at? (-5,2)
- Which coordinate point is the park located at? (-2,4)
- Which coordinate point is the library located at? (3,-2)
- What place can be found at the coordinate point (-4,-4)? House
- What place is on y-axis? Police Station
