

Circles - circumference

Grade 5 Geometry Worksheet

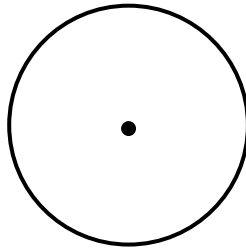

Find the missing circumference, diameter or radius of each circle.
Label the circles.

1)

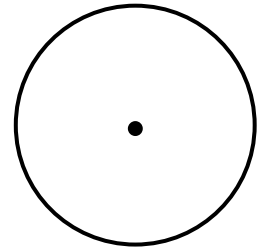

Diameter: 6 in
Circumference:

2)

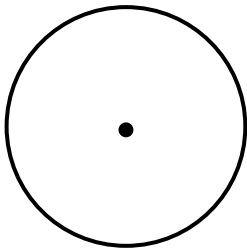

Radius: 10 ft
Circumference:

3)

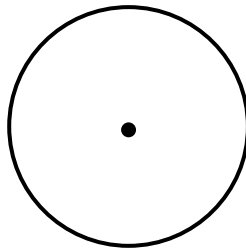

Radius: _____
Circumference: 25.12 in

4)

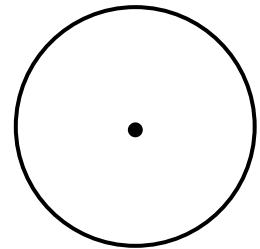

Diameter: _____
Circumference: 50.24 ft

5)

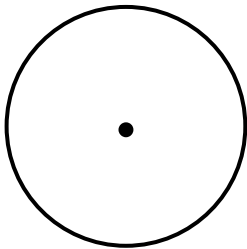

Radius: 12 in
Circumference:

6)

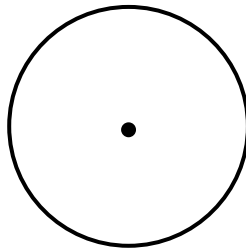

Diameter: 8 yd
Circumference:

7)

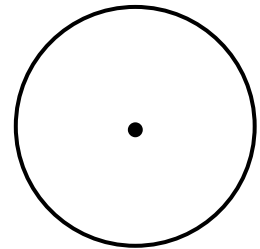

Radius: 7 in
Circumference:

8)

Diameter: _____
Circumference: 125.6 in

9)

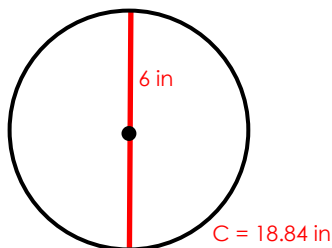

Diameter: 18 in
Circumference:

Answers

1)

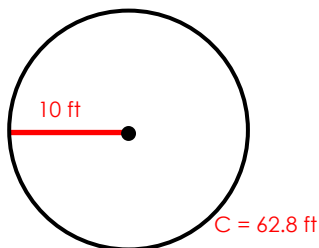

Diameter: 6 in

Circumference:

18.84 in

2)

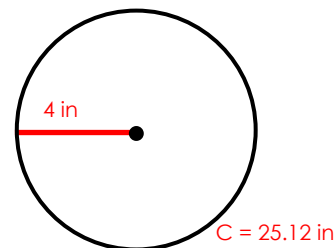

Radius: 10 cm

Circumference:

62.8 ft

3)

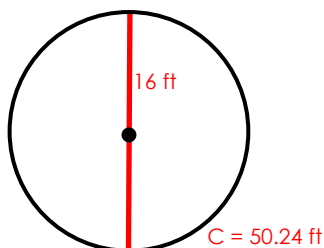

Radius:

4 in

Circumference: 25.12 in

4)

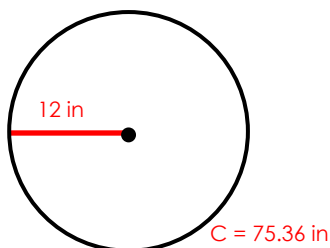

Diameter:

16 ft

Circumference: 50.24 ft

5)

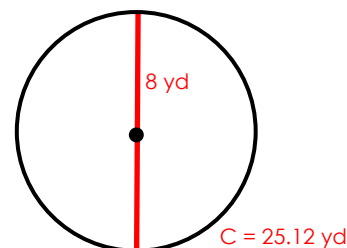

Radius: 12 in

Circumference:

75.36 in

6)

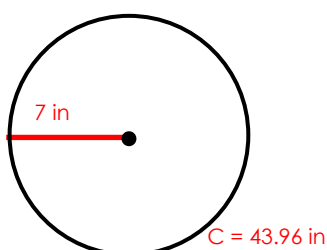

Diameter: 8 yd

Circumference:

25.12 yd

7)

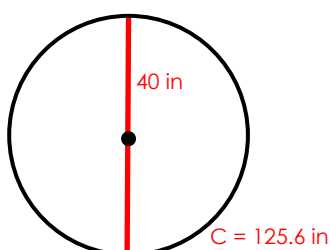

Radius: 7 in

Circumference:

43.96 in

8)

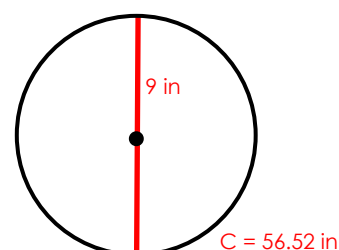

Diameter:

40 in

Circumference: 125.6 in

9)

Diameter: 18 in

Circumference:

56.52 in
