

Write topic sentences

Grade 3 Writing Worksheet

Write a topic sentence for each of the paragraphs.

A topic sentence tells the reader the main idea or what your writing is mostly about. It is usually the first sentence in a paragraph.

I would choose to read because I like to use my imagination. When I read, I can close my eyes and picture what the scenes look like! I would also choose to read because I'm only allowed to watch one hour of television a day.

However, I can read as long as I want to! My last reason for choosing reading is that I can read anywhere. I love to climb trees and read outside. In conclusion, if I could choose reading or watching TV, I would choose reading.

The first reason I would like to be a famous basketball player is because I love playing basketball. It would be great to have a job that I love. The second reason I would like to be a famous basketball player is because I would get to travel all around the world to play. I could see so many places! The third reason I would like to be a famous basketball player is because they make lots of money. I could buy almost anything I wanted. This is why I want to be a famous basketball player when I grow up.
